NORMATIVE RULING NUMBER 03/2019 BY THE GRADUATE PROGRAM IN MECHANICAL SCIENCES –
PPG-CM

Rules for the formation of examining
boards of master's and doctorate
defense.

The Collegiate of the Graduate Program in Mechanical Sciences establishes the following rules for the composition of examining boards for the defense of master's and doctorate works.

Art. 1. General rules for the formation of examining boards for master's and doctorate must follow the determinations in resolution CEPE N. 0080/2017 and Regulation of PPG-CM.

Art. 2. The formation of examining boards for the defense of master's thesis and doctoral dissertation in the scope of the PPG-CM follows criterium based on the factor h of the members.

§1. At least half of the members in the examining boards for master's degree must have h index above or equal to 3.

§2. At least half of the members in the examining boards for doctorate must have h index above or equal to 5.

§3. The calculation of the h index of the members in the examining boards of theses and dissertations is based on *SCOPUS*.

Art. 5. Omission situations will be examined by the Commission of the Graduate Program in Mechanical Sciences.
